DETAILED ACTION

This Office action is in response to the amendment of March 19, 2004.

Claims 1, 3-7, 11, 13-15, 19, **25**, and 27-30 are pending in this application.

Election/Restriction

This application is in condition for allowance except for the presence of claims 6, 13, 14, 19 (it is noted that claim 19 improperly depends from a canceled claim, i.e., claim 16), **25**, 27, and 28 to an invention non-elected with traverse in the reply filed on October 21, 2002.

Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

Claims 1, 3-5, 7, 11, 15, 29, and 30 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record fails to show or suggest a flexible shelter structure, as specifically called for in the claimed combination of claim 1, which comprises an elongated pole having a generally arcuate shape under tension (see line 2) and having first and second ends in contact with the

ground (see line 4) and a plurality of flexible spars connected to the pole and having first and second ends "floating and not in contact with the ground" (see lines 10-11).
